

Description

PolarStand is a smarter, more efficient way to elevate and secure HVAC equipment. Featuring a patent-pending, three-piece adjustable design, the PolarStand adapts to nearly any application, fitting PolarPads from 24" to 40" wide with ease. Durable, flexible, and user-friendly, installation is faster and simpler than ever—set the stand in place first and eliminate the hassle of maneuvering multiple round risers. PolarStand also functions as a riser within the PolarPan system.

Specifications

Colors: Gray (G), Black (B)

Size: 6" x 8.6" x 24-40" (15cm x 22cm x 61-102cm)

Weight: 8.8 lbs. (4 kg)

Material: Polymer

Temperature Range: -20°F to +180°F

Pallet Quantity: 65 Sets

Features & Benefits

- Expandable: 24" - 40" Wide
- 3-Piece Adjustable Design
- Rated at 1,200 lbs / Stand, 2,400 lbs / Set
- Available in Two Colors: Gray (Polymer), Black (with FR / Fire-Retardant Additive)
- Engineered to Resist Cracking, Breaking & Warping
- Strong, Durable & Impact Resistant
- Clean Look: Designed to Match / Compliment Black or Gray PolarPads
- 6" Elevation Helps Prevent Freeze Damage, Promotes Air Circulation
- Weather, Temperature & UV Resistant
- Resistant to Oils & Refrigerants
- Universal Hardware Mounting (Two Options)
- Vibration Dampening
- Lightweight, Easy to Handle
- Easy to Pre-Install Ahead of Setting the Unit
- One Person Installation, No Additional Equipment Required
- Each PolarStand Set Comes with Two (2) PolarStands
- Universal Hardware Mounting Kit Included:
 - (4) 3/8" Hex Bolts - Fastening Equipment that Have a Hole to Bolt Through
 - (4) 3/8" Winged Bolts – Fastening Equipment that Have a Slotted Foot Feature to Slide Into
 - (8) Neoprene Washers
 - (4) Large 3/8" Flat Washers
 - (4) Regular 3/8" Flat Washers
 - (4) 3/8" Whizz Nut
- Consistent Availability, Lead Times
- Manufactured with Resin that Meets the Below Standards:
 - ASTM D4976 – PE233
 - FDA 21 CFR 177.1520(c) 3.2a, use conditions B through H per 21 CFR 176.170(c)
